Project Update: Arwood Art Support Fund

New/ Upcoming Projects:

We currently have a few grant applications out to help fund a Symposium and Cultural Sharing Workshops. We are hoping to use this symposium to encourage a community discussion about Native arts in our community and how best we can create partnerships and provide support through organizations like ours.

We are also hoping to look for funding to complete additional artist videos, research and development of some other video projects, and also bear grass braiding and other workshops. If you have an idea or want to develop something – contact us!
